Capable of adapting to evolving technologies and industry best practices to drive innovation and improve user experience. Productive employee with proven track record of successful project management and producing quality outcomes through leadership and team motivation. Works with clients to determine requirements and provide excellent service.

EXPERIENCE

Junior Web Developer, 11/2023 - Current
Najot Talim - Fergana, Uzbekistan

My name is Jasur, and I am a 19-year-old aspiring software developer with a passion for technology and innovation. I am currently a second-year university student pursuing my education remotely in Tashkent, while also enhancing my programming skills at Najot Ta'lim.
I specialize in backend development, working with tools like Node.js, PostgreSQL, and NestJS. I enjoy solving complex problems and building functional, user-friendly applications. Beyond programming, I have a keen interest in movies, football, and continuously learning new skills to improve myself.
I am dedicated, hardworking, and always looking for opportunities to grow and contribute to meaningful projects.

- Participated in weekly team meetings to discuss project progress, share insights, and develop strategies for future development phases.
- Crafted seamless user journeys by optimising interfaces for user access.
